Subject: Informing BFF about the unprecedented situation.

Dear,

We hope you are doing well.

This is to inform you that Bangladesh Under-20 squad is now practicing in BUET Field. Bashundhara Kings released few players for the practice session and few players were retained due to injury related concern & practice session with the new coach. This was communicated with BFF General Secretary that Bashundhara Kings will release all required players by BFF in coming days.

But today, 15 September 2024 during the practice session we were informed that the Head Coach of the Under-20 team did not permit the Bashundhara Kings players who were participating in the practice session as the remaining players were retained. This was a very unprofessional from a renowned head coach of Bangladesh Football Federation.

On this note, we Bashundhara Kings want to inform you that this is a very serious disciplinary conduct which we will not allow. We can confirm that we will not allow any player of any age level and national team (male/female) to join in near future if this particular head coach is responsible for that concerned team. We can confirm that the released players now have returned to Bashundhara Kings camp.

We hope that Bangladesh Football Federation (BFF) acknowledges that Bashundhara Kings supported BFF and this Under-20 team by providing accommodation and training facilities during the political unrest and unavailability of training facilities during July 2024 and August 2024. In result of that support, under-20 team could continue their practice sessions and perform well in SAFF under-20 Championship which eventually, they became champions. We also hope that BFF take strong actions regarding this situation otherwise in future this can create negative impact on the relationship between BFF and Bashundhara Kings.

Regards

Biddut Kumar Bhowmik

Bashundhara Kings
